Description

A Dashboard page was implemented in the Gradebook area.

There are three dashboard views available, **Tiles, List** and **Table**. The system will remember the last dashboard displayed and open to the same dashboard between sessions.

Tile Dashboard View

Tiles will display all of the teachers gradebooks. The tiles are grouped and color-coded based on the gradebook terms.

List Dashboard View

The **List** dashboard view will display the teachers gradebooks in list format and order them by **Current**, **Future** and **Past** Gradebooks. The List dashboard also groups and colour codes based on the gradebook terms. The Current Gradebooks area will display all current gradebooks and will be expanded by default. Future and Past gradebooks will display but will be collapsed by default.

Table Dashboard View

The **Table** dashboard will display all the information for the teachers gradebooks on one page. The gradebooks are grouped by order of **Current, Future** and **Past Gradebooks**. The Current Gradebooks area will display all current gradebooks and will be expanded by default. Future and Past gradebooks will display but will be collapsed by default.
